ORDER

The jury submitted a written message to the court at 10:20 a.m., March 16, 2017, with the following question: "We wanted to know if the graph that mapped out the postal office and times are relevant and are they in evidence?" (Doc. 62). Ten minutes later, the jury submitted a second message that read as follows: "The question that was ask[ed,] we have found the answer and information that was needed." (Doc. 63). Both messages have been filed. As the jury has found the information that it sought, no further action by the court is required, and this order serves to document the messages submitted by the jury and the action taken by the court. Therefore, no further action will be taken by the court.

It is so ordered this 17th day of March, 2017.
